STATUS

 Needs changes 

why would we put a note for children here? when they picked individual therapy not child therapy. "Medicare & NDIS available" can be made more broad/supportive to understand

CHILD THERAPY → Service insight panel

FACTS SHOWN

60 minute sessions *Art therapy & sandtray available* *Parent or guardian intake first*

Medicare & NDIS available

NOTE

"A parent or guardian intake session is required before your child's first appointment — this is a separate booking."

What to know about child intake → [practice-information.html#pi-children](#)

STATUS

 Needs changes 

"Parent or guardian intake first" is duplicated information. instead of note... it really should be more critical/required. Maybe remove funding from here. im thinking of putting funding above this step so based on the funding they are bringing to us we can show the options

COUPLE & FAMILY → Service insight panel

FACTS SHOWN

60 minute sessions Individual intake per person first \$195 per session — not per person

Private, QFES & DVA available

NOTE

"Medicare does not cover couple or family therapy. Each person completes a brief individual intake before joint sessions begin."

STATUS

 Needs changes 

Couple and family sessions are 120 minutes/2 hours. we shouldn't have the price here - just the clear insight that the sessions are billed per session not person. same thing about

PROFESSIONAL MEDIATION → Service insight panel

FACTS SHOWN

2-hour minimum per session Individual intake required first

Professional & workplace settings Private, QFES & DVA available

NOTE

"Medicare does not cover mediation. An individual intake session is required before mediation sessions begin."

STATUS

Needs changes

professional mediation should note have this note at all. its not 2 hour min.theres no funding options for this - people can have individual therapy about professional issues.

FUNDING INSIGHT PANELS + STEP 3 OUTCOME — INDIVIDUAL THERAPY

INDIVIDUAL + Medicare (MHCP)

→ REQUEST FORM

Price shown \$195 / session

Out of pocket \$107.75 after \$87.25 Medicare rebate

 **Before booking:** GP or psychiatrist Mental Health Care Plan (MHCP) naming *Cheree McGarry — AMHSW* is required before your first session.

KEY POINTS SHOWN

- Up to 10 sessions per calendar year — GP review required after the first 6
- Rebate of \$87.25 claimed via Services Australia — or ask Cheree to submit on your behalf (case-by-case)
- Cannot claim both Medicare and private health for the same session
- Medicare rebates cannot be applied to cancellation fees

STATUS  Needs changes 

 out of pocket is the wrong verbiage to use. the out of pocket number can go. just note the rebate availability. remove "or ask Cheree to submit on your behalf (case-by-case)" we'll just keep that for internal use if needed. remove "Cannot claim both Medicare and private health for the same session" "Medicare rebates cannot be applied to cancellation fees" should be more clear - something like cancellations that are done x time are not

- Cannot claim both Medicare and private health for the same session

STATUS

 Needs changes 

"Payment processed on the day — tax invoice issued immediately" could be clearer like Payment made same day as appointment securely online. "No referral required — book directly via Halaxy" isn't correct they book with Cheree (we've removed client based booking online) "Private health extras may apply — check with your insurer" isn't right. we
